

Show Title: _____

Sound Cue Sheet

This document can be filled out in most PDF viewing programs on your computer.

This document is intended as an *option* to create a cue sheet for your production. Productions may choose instead to provide their own cue sheet or run of show document and/or provide a script that has been suitably marked or notated with cues.

If providing your own cue sheet, please be sure to note any visual cues (cues taken off a performers movement/action) in addition to cues taken on lines of script.

Providing **both** a cue sheet and a script is the preferred option to ensure the smoothest tech & performance.

Please be sure to write the name of your show at the top of this page.
